

# Intensive English to BSL training programme

This three-day course will focus specifically on the skill of interpreting from spoken English into BSL.

## **Tutors: Byron Campbell & Sylvia Simmonds**

This course would suit any working interpreter wanting to improve/develop their ability to interpret more efficiently from spoken English into BSL.

*It is recommended (but not required) that people do the Sign Solutions Language Processing course before attending this training programme.*

The course will cover some of the common problems that interpreters encounter and how to overcome them. A range of training materials will be used in order to highlight specific areas for development and to assist learners in improving their skills in this aspect of interpreting.

Specific feedback will be given on each learner's BSL production skills and how to improve this aspect of interpretation.

The course will cover a range of topics including:

- Review of basic BSL linguistic structures
- BSL production exercises
- English to BSL exercises
- Feedback sessions

The course will be held at our premises in Alvechurch, Birmingham.

**Programme fee: £310.00 (+ VAT), incl. buffet lunch**

**This course is worth 24 ASLI CPD points.  
Places are limited so early booking is advisable.**

**To request further information or an application form,
