Deaf Awareness

E-learning programme

Sign Solutions has recently launched a unique Deaf Awareness e-learning programme. It is the first Deaf Awareness course available completely online and is split into five bite-sized modules, each lasting approximately 30 minutes each and incorporating a rich variety of knowledge-enhancing tasks. The break-down is as follows:

Module 1

- Introduction to Deafness
- Deafness types, causes and needs
- Deaf terminology
- How common is Deafness? (statistics)

Module 2

- Identity, language and culture
- The Deaf Life
- Discrimination and Equality Act

Module 3

- Technology and communication aids
- Environmental aids
- Deaf Organisations and Societies

Module 4

- Communication and methods
- Barriers to access and communication
- Basic communication tactics
- How YOU can communicate; the do's and don'ts
- Fingerspelling; sign language phrases

Module 5

- Job-related scenarios
- Role play
- Evaluation & Final Assessment followed by Certification

These modules are enriched with challenging and exciting methods of learning, including multiple choice quizzes and video presentations. You can even experience real-time interaction with the Deaf Tutor via webcam, and participate in lively discussions on our web forums with fellow learners.
