

Level 2 Certificate British Sign Language

Do you have a Level 1 certificate in BSL? Build on your skills and knowledge by doing this Signature-accredited course.

This programme is suitable for those who have already completed the Level 1 Certificate in British Sign Language and wish to acquire language skills at an intermediate level in order to enhance communication with Deaf people and progress to more advanced levels of BSL in the future. This qualification will enable learners to develop an ability to communicate with Deaf people using BSL in a range of familiar contexts, participating in longer and more open-ended exchanges than at Level 1. The learner will be able to deal with most routine language tasks and have a sufficient grasp of grammar in order to cope with some non-routine tasks.

This qualification is divided into 3 units, using 4 themes. Each unit can be achieved separately, however in order to achieve the full Level 2 Certificate in British Sign Language, candidates are required to complete all of the units.
