

# NVQ6 Interpreting Portfolio Collection Programme

Lead Tutor: Byron Campbell

This programme is specifically designed for practicing interpreters who feel they have reached a level of skill, knowledge and experience with which they can now put themselves forward to become fully qualified.

The programme is comprised of 32 hours of tutor/assessor contact time and includes opportunities to practice skills and to collect evidence. There is also a generous allocation of assessment time, enabling participants to meet with their assessor at regular intervals.

You are guided through each unit of the NVQ in a staged approach. This includes;

- Clear, detailed explanations of what the NVQ requires and how to build a portfolio
- Guidance and proformas so that you know what information to include
- Live observation
- Feedback on your interpreting performance and strategies to develop your skills
- Opportunities for evidence collection, including filming with members of the Deaf community

The full NVQ6 Interpreting Award comprises of 4 mandatory units, and one optional unit (from a choice of two). Together these units demonstrate occupational competence to interpret in a range of work-related settings. Once all five interpreting units have been successfully completed, the interpreter will be eligible for NRCPD, MRSLI and ASLI Full Member status.

**Course fees: £1950.00 (+ VAT)**

Initial assessment fee: £100.00 (+ VAT)
